Re: Arriving unaccompanied, dangerous goods – Calais port

Dear Sir, Madam,

Calais port authority has advised us they have modified their local rules and will no longer accept unaccompanied units into their unaccompanied trailer park (UTP) if carrying the following dangerous goods:

<u>Class</u>	<u>Division</u>	<u>Description</u>
Class 1		Explosives, <u>EXCEPT</u> for class 1.4S
Class 2	Division 3	Toxic gases
Class 4	Division 1	Flammable solids, self-reactive substances and solid desensitize explosives
Class 4	Division 2	Substances liable to spontaneous combustion
Class 5		Oxidizing substances and organic peroxides
Class 6	Division 2	Infectious substances
Class 7		Radioactive materials

In all cases, a driver must be waiting in Calais for the arrival of the unit to expedite immediate removal from the port.

Shipment can only take place from Dover, upon confirmation a driver is, or will be, present for collection.

If no collecting driver is present, the unit will be immediately returned to Dover and a return shipment charged.

We hope to have advised you well: should you have any questions regarding the above, please contact our port offices for further information:
