

Customer Notice

Dear Customer,

As of **Wednesday 24th November 2011** P&O ferries will be **increasing freight capacity** on their **Dover - Calais** route.

The European Seaway will begin operating three return trips per weekday, in addition to the extra over night sailings already being operated by the Pride of Burgundy.

This significant increase in capacity is in response to the increased demand brought about by the recent suspension of Seafrance services.

P&O Ferries have worked tirelessly to secure the rapid deployment of extra capacity in order to ensure traffic flows are maintained and customers affected as little as possible.

This capacity increase demonstrates P&O Ferries' continued commitment to provide a first-class service to its customers and its willingness to quickly and efficiently respond to current and future demands.

If you would like to discuss your rate/volume requirements on these routes with us please contact your Area Manager or our Freight Marketing Office in Dover on:

+44 (0)1304 863875
