Customer advisory notice for update to High Van surcharge on the Channel

Dear Valued Customer,

Following our correspondence about a surcharge for high vans, we have on reflection decided to increase the threshold so that it applies only to vans and lorries exceeding 2.5 metres in height.

The new high van surcharge of GBP5 or EUR6 will therefore apply to freight vans and lorries shorter than eight metres and higher than 2.5 metres from 1 October, 2018.

All vans and lorries less than 2.5 metres in height will continue to be charged the current tariff.

Please do not hesitate to contact me directly if you have any further questions about our tariffs and services and my colleagues and I look forward to welcoming you onto our ships.

Yours sincerely,

Marcus Field
